Education

(2022.09-2023.06)

Progmatic Academy

Frontend Developer

Skills

HTML
CSS
Javascript
React
Git/GitHub
Problem solving
Communication
Teamwork
Desire to learn

Experience

(2019-2023)

Electrician

I had two workplaces as an electrician. In my first workplace I learnt how to talk with costumers and always leave a perfect work behind myself.
In the second workplace I had a chance to try myself as a teamleader of a solar panel installation team. From that I learnt a lot about teamwork, problem solving and communication.
